**Airport National Golf—SPECIAL COVID-19 Announcement (3/21/2020 Update):**

We respect the severity of COVID-19 and how it is changing our world. Last week we took precautionary measures to mitigate the spread of COVID-19 throughout our facility. With the new restrictions it's time to go a step further. Effective immediately, Airport National Golf will take the following actions to maintain safety for both customers and our employees.

At this time the golf course and driving range will remain open. The mini golf course will be closed, it will be too hard to maintain the six feet of separation on the mini golf course. Golfing or using the Driving Range is a great way to get some exercise, relieve some stress and get that sports fix during this time. We believe that with some precautions golf remains a safe activity.

- We will follow the recommend number of people for gatherings
- We will continue to sanitize the pro shop doors, surfaces and high touch areas vigilantly
- Walking is an option, but if you ride, we will be sanitizing riding carts and cart keys after each use
- Carts will be 1 per person to avoid contact. This will limit the number of carts we have for people
- Range buckets will be sanitized after each use
- Food & Beverage concession will be open, although not the full menu
- Seating area closed in the club house. Check in, grab any concessions, get back outside play golf and head home
- We will continue to provide individual golf lessons. If you have any concerns, contact your instructor
- Group lessons do not start for a while, so at this time there will be no delay in group lessons and we will reevaluate the group lessons when the time comes (all our group lessons are 10 ppl or less already)
- Credit cards preferred
- If you do not feel well, please stay home
- Maintain six feet of separation between you and your playing partners
- Leave the flag stick in during your round or when you get within 2-3 feet just pick up your ball
- Keep your hands to yourself. Don't pick up your partners wedge, putter, shake hands or give high fives
- Sanitize and wash your hands regularly

Stay safe,

Airport National Staff
